

Gallions Parents & Families Update

Every week, one child in each class receives the Star of the Week Award for their learning efforts and accomplishments or for showing the Gallions Values of **Courage, Ambition, Responsibility and Empathy (CARE)**.

The Stars for this week are:

Reminders for Next Week:

Monday 18th January – Friday 22nd January 2021

Distance Learning: Daily Tasks

For the whole of Spring Term 1, we will provide on-line learning daily via Google Classroom. Distance Learning will combine *Google Meets* (live teaching/class interaction) and set learning tasks - with support and feedback provided. We are pleased to see children working well on-line. Please encourage children to keep it up!

Computing: Curriculum Learning

From next week, we will all focus on Computing/IT in our wider curriculum learning. We know children enjoy this subject immensely and they are always keen to develop and show case their skills – becoming mini experts! We look forward to an exciting couple of weeks and no doubt we will see some impressive outcomes!

School Food Parcels – Free School Meals

Children eligible for Free School Meals (FSM) will continue to receive support with lunches during the school closure period. This week food parcels have been distributed to all families eligible for FSM. We hope to resume Supermarket Food Vouchers in the near future - and will keep families updated about this.

Parent and Family Support – Call on Us!

We will continue to support families in these difficult times. If you need any assistance (whether with distance learning, or any other family service you may be entitled to) please contact us. You can contact the school on **020 7476 1252** (please call between 8:30am-3pm) or, email us at info@gallions.newham.sch.uk
